laser vago, vago race PRICE: \$16,650.00

Rip Roaring Ride!

Vago has interchangeable horsepower which allows sailors to be graceful in a breeze. Sail combinations for leisure and performance sailing, so whether it be one or two crew you have the choice on how fast you want to go.

The larger Vago race mainsail and gennaker make racing and blasting downwind an absolute joy.

Vago can be sailed single or double handed as it has a single line launch and retrieval system for the gennaker.

Both specs come ready to sail with a full suit of sails. Which ever boat you have the sails are fully interchangeable with no need for extra rigging, so you can put on bigger or smaller sails dependant on wind strength and crew combinations.

accessories

Launching trolley.
Road trailer.
Top Cover.
Under Cover.
Telescopic tiller extension – ideal for single handed trapezing.
Mast Head Float.
Trapeze Kit - comes as standard on Race spec.

construction

Polyethylene Tri-Skin foam sandwich makes it a very robust boat which requires virtually no maintenance.
